Web Developer | Data Annotater | Transcriptionist

About me

"I am a versatile professional with expertise in frontend web development and data annotation. With a three-year diploma in computer science, I specialize in creating engaging user interfaces using HTML, CSS, and JavaScript. Additionally, I excel in data annotation, leveraging my attention to detail and analytical skills to ensure high-quality datasets for machine learning projects. I am passionate about leveraging technology to solve problems and deliver impactful solutions."
